Raison d'être and responsibilities

The National Film Board of Canada (NFB) was created by an Act of Parliament in 1939 and is a federal agency within the Canadian Heritage portfolio. The NFB's mandate is to produce and distribute original and innovative audiovisual works that add to our understanding of the issues facing Canadians and raise awareness of Canadian values and viewpoints across the country and around the world. Over the decades, it has become the standard for audiovisual innovation in Canada and plays an important role by highlighting the changes and key events in Canadian society.

As a producer and distributor of audiovisual works, the NFB provides a unique perspective on Canada's cultural wealth and diversity. The NFB explores contemporary social issues through point-of-view documentaries, auteur animation and new-media content. Over the years, the NFB has played an important role in marking the major changes and events taking place in Canadian society. A brief description of the agency's activities for the current fiscal year can be found in the [2013-14 Departmental Performance Report](#).

As Canada's public producer and distributor of audiovisual works, the NFB documents the history and culture of the nation for both domestic and international audiences. Over the past 75 years, the NFB has produced more than 13,000 works and received more than 5,000 awards, inspiring and influencing generations of filmmakers in Canada and across the globe. Its audiovisual works offer special insight into the diversity and vitality of our culture and are an essential part of our national heritage.

Report on Annual Expenditures for Travel, Hospitality and Conferences

Significant variances compared with the preceding fiscal year

Travel – not related to production and marketing of films

In comparison with fiscal year 2012-2013, travel expenditures increased slightly, because of the arrival of a new producer for Canadian Francophonie, located in Ontario, as well as certain individual trips made in connection with the development of the NFB's 2013-2018 Strategic Plan.

Travel – related to production and marketing of films

Overall, travel expenditures related to production of films decreased compared with the preceding fiscal year. In 2012-2013, travel expenditures exceeding \$40,000 were required for shooting of the films *Absences* and *Secretariat's Jockey, Ron Turcotte*.

Hospitality

For the past several years, as prescribed by the applicable Treasury Board directives on travel, hospitality, conference and event expenditures, the NFB has been keeping hospitality expenditures to the minimum required, resulting in a decrease of 35% since 2010-2011.

Conference expenditures have remained at a similar level from year to year. In 2012-2013, these expenditures included fees for lecturers who gave presentations at the NFB on subjects such as the future of creation, economic trends in Canada and abroad, demographic trends and the public space. The purpose of these presentations was to make all NFB employees more aware of the new realities surrounding the definition of the 2013-2018 Strategic Plan.
